Reviews

"Web-based Rights Portal makes it easy to track project details and collaborate with team members... from the office or on the road... anytime 24/7". *Sr. Rights Manager*

"Digi eliminated the 'hassle' of getting permissions for my book. The on-line system makes it easy to organize my work and submit permissions... and saved me time and money over my freelancer." *Book Author*

"Instant Messaging is a huge perk since our project team has the ability to collaborate on project related issues... without excessive meetings, emails and phone tag"
Developmental Editor

"The ability to view and print license paperwork speeds up processing and reduces paper shuffling among departments."
Accounting and Fulfillment Manager

"We're impressed by Digi-Rights' straightforward approach and we're delighted to include them among the services to which we connect our authors and publishers."
